Exercises for the second week of July:

Hi, students! I hope you are ok. Let's exercise the future with 'going to' a little more. And remember: enjoy the little things and stay at home! 😊

Make the exercises from the book 'Way to go 2', which was borrowed you by your school, from page 143 to page 145.

In this moment, just do your homework and wait for new instructions to deliver it.

If you didn't take your book, these pages are joined in this work.

Have a good work and a good week. Hugs.
